

ADVANTAGES

- Hygienic filter media acc. to ISO846
- Compact and robust design
- High temperature compact filter
- Maximum continuous operating temperature 120°C,

Application	High temperature air handling units
Frame	Galvanised steel
Gasket	EPDM
Media	Glass fiber
Separator	Glass fiber
Sealant	Polyurethane
Dimensions	Filter front dimensions according EN 15805
Max airflow	1,1 x nominal flow
Max Temperature (°C)	120°C

Type	EN779	ISO 16890	Dimensions WxHxD (mm)	Airflow/pressure drop (m ³ /h/Pa)	Media area (m ²)	Weight (kg)
